Demo Reel November 24 Shot List

Dug - March 24

Toon Boom Harmony 22 & After Effects
My second time building a puppet, definitely better than my first one. I had a lot of fun with the animation.

JJ & BunBun - May 24

Toon Boom Harmony 22
An animated part of an animatic. First time animating quadrupeds and I really enjoyed it.

JJ Dog Puppet - May 24

Animation in Dragon Frame
I had experience with stop motion for about a year and was able to use what I had learned as well as tried new things to make this girl.

Vanoss Run - Nov 23

Toon Boom Harmony 22
First successful attempt at lip sync, really enjoyed animating the beak and making him turn to run.

Boba Bunny - Nov 22

Animation in Dragon Frame
My first stop motion puppet was quite the learning curve. But I love this puppet and used what I learned to improve future puppets.

Dug Nuh Uh - Nov 24

Toon Boom Harmony 22 & After Effects
It's a pretty simple dialogue but really enjoyed animating his ears and fur. The lip sync was what I wanted to practice.

Pokemon Ad - Aug 24

Toon Boom Harmony 22 & After Effects
Part of a longer animatic ad for Pokemon plushies. I worked with an art director to help her vision for the ad come to life.

Guy The Dog - April 24

Toon Boom Harmony 22
I used live action reference of myself while animating him. The story is that he is excited because he got a good return on his taxes.

Wolf Family - July 24

Toon Boom Harmony 22 & After Effects
2D puppet style animation.
From a longer animatic featuring facts about wolves.
